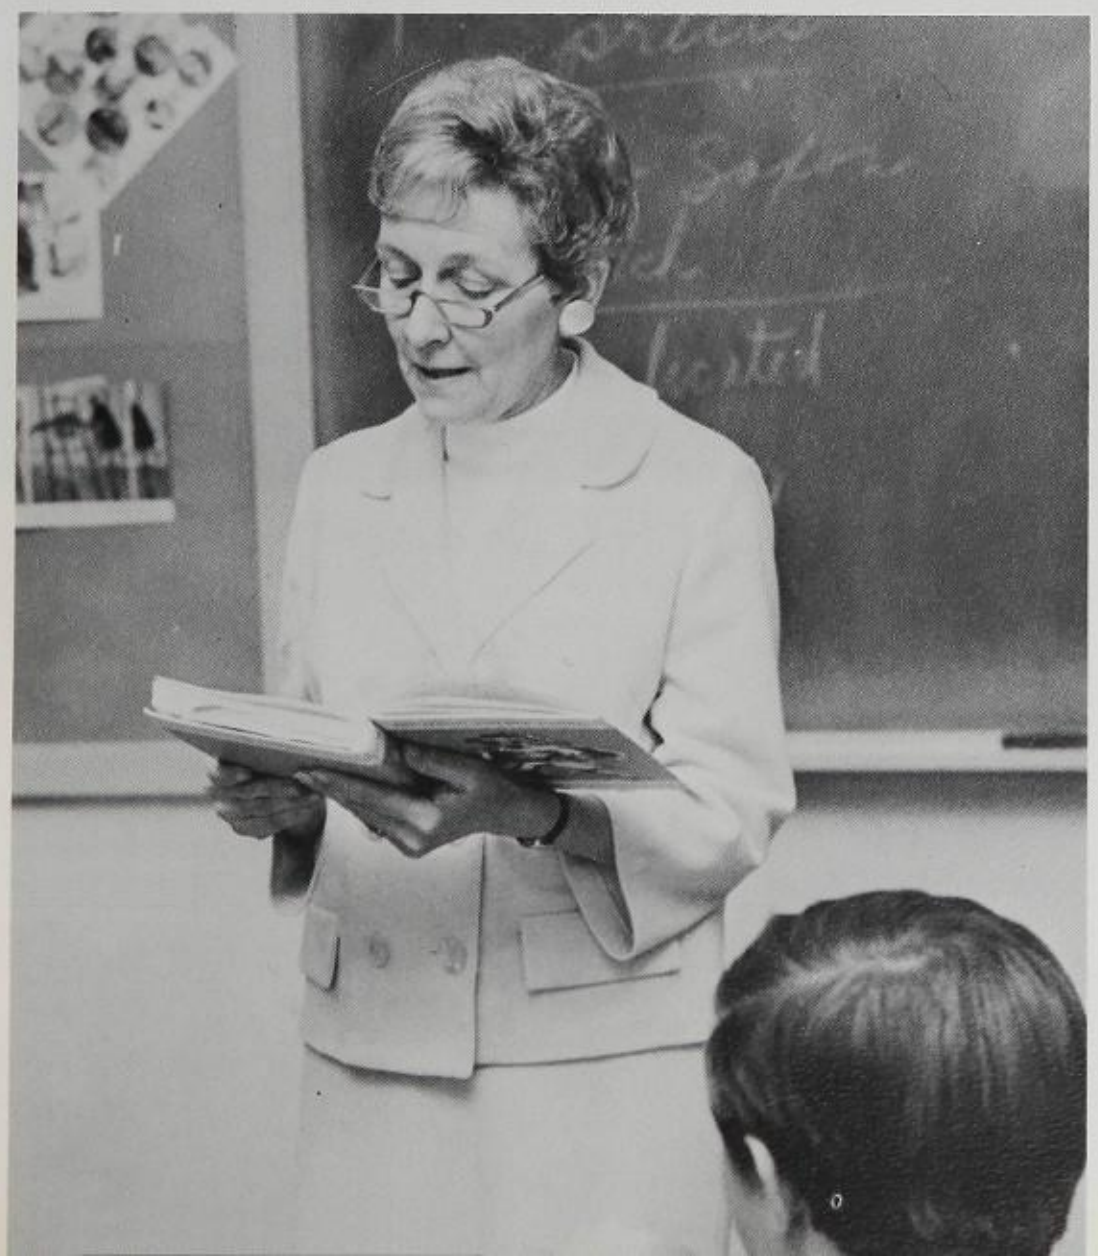
Mrs. Nordstrom keeps the sunshine rolling. . .

the answer to the link in the generation gap

As Junior class adviser, **Mrs. Nordstrom** plays an important part in planning the prom.



Some teachers greet each day
with enthusiasm — — —
Their rooms are brightened
with their smiles.

Some teachers make you feel
big and bigger,
So you work hard to grow in
their estimation.

Some teachers stay forever
a part of you — — —
They are a memory that
guides you always.

To such a teacher we dedicate
this annual —
Mrs. Ruth Nordstrom.

Richard H. Spaulding—principal.

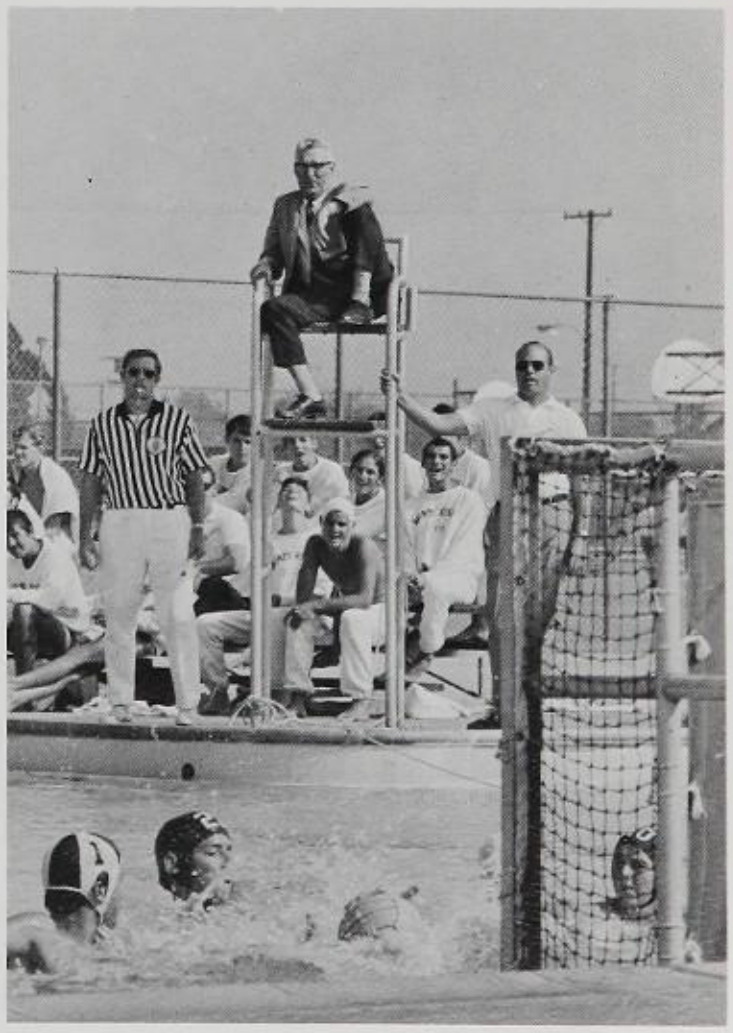
Principal

To have a successful and smooth-running school there must be one unifying thread and contributing factor. Our principal, Mr. Richard H. Spaulding, is concerned enough to follow the students in all phases of student life, and yet he is open-minded enough to allow the students to create for themselves the type of school they wish to have.

He successfully bridges the generation gap with firmness of purpose and yet with the fairness and objectiveness that has carried him through 14 years of leadership at BPHS.

Mr. Spaulding's interest follows the students into the field of sports. He can always be found attending the various sports events on campus.

His background, experience, and personality have made him a man never to be forgotten.



Mr. Spaulding is a familiar sight at campus sport events.

For the class of '70, sights and sounds of

Well folks, to sum up this year, all I can say is that we "Got It On." From the first day of school, at the opening assembly, the Seniors knocked 'em dead with spirit, winning the pep award twice in a row. Even with an insufficient number of people, still a great roar could be heard from the senior section at pep rallies. Seniors were high with spirit throughout the year with such events as serf days, senior vaudeville, senior week, and the senior party.

The Class of '70 saw many new things happen at Coyoteville this year. The Performing Arts Complex was put to great use by the drama and musical departments. After patiently waiting most of the year, the seniors saw the "dirt mound" turn into a fantastic senior quad.

My job was made easy this year by all the hard-working people of the senior class. These people clearly showed the meaning of "Soul." If anybody had "Soul," it was the beautiful people of '70. I would like to compare the seniors to a chain formed by individual links. These Seniors did their own thing as individuals. Then when combined together, they formed a strong force whose links could not be broken. This was our senior class.

The ability of seniors was shown in many ways. Athletic teams were dominated by seniors this year. They also excelled in such fields as drama, music, and most important of all, academics. These Seniors undoubtedly will leave a great impression on the school, but will also leave a great impression on the world. Personally I say "Good luck Class of '70, and don't forget to BOOGIE."

'Dedication and unity' - the Class of 1971.

This has been a good year. It started out a little hectic, with some money problems and the Junior-Senior Prom staring us in the face, but it all worked out fine. Every time I think about the lack of money in September, to be used to run a class and finance the prom, I feel thankful to a lot of people for their work, dedication, and spirit. I can't thank as many Juniors as I'd like to, but the ones who did help the class really helped.

Little things like break-sales brought in much of our money and helped us, but little things like our lack of spirit also hurt us. To say the least, '71 needs more involvement and spirit. Spirit and involvement are great for sports, but to have these in everything we do throughout the year would not only give the class more prestige, but it would also make school life more enjoyable and worthwhile.

"Senioritis" is said to be caused by a general lack of interest in one's Senior year. This has been a good year. With more members of the Class of '71 getting more involved, being more dedicated, and showing more spirit, to our class and to our school, next year will be a great year.

I know we have a good class, but I also know we can have a great class.

The purpose of Boys' State is to give outstanding Junior boys a working knowledge of all levels of government. The candidates this year are **Rex** [illegible] **ner,** and **Wayne Ali.**

Girls' State encourages and develops a deeper interest in the study of the government and its problems. **Nancy White** shows scrapbook of memories to Representative **Robin Flory** and alternate **Rae Nishi.**

Let's hear it - 'Spirit' - for class of '72.

The class of '72 has, by no means, reached the peak of perfection. However, the Sophomore class is potentially the best class Buena Park has seen in a long time. This year we have adequately proven ourselves as far as spirit goes, but we still have a lot of hidden talent as a class; what we do with it remains to be seen. All we need to do is to develop all the talent that we, as a class, possess. It's not an easy job, but nevertheless, it can be done.

If in some way, we could develop our class as well as our school to its highest potential, there's no doubt that we could receive unlimited recognition, and that can even be self-recognition. We don't have to have a championship football team, but if we can leave knowing we've done our best to improve and develop our school for all the thousands who will follow us, we should be more than satisfied to be part of the class of '72. When the time comes to look back on our achievements, I'm confident that we'll all find the mighty class of '72 is the best, "naturally"!

Derly Tijerina

The class of 1973 'kicked off' the year

This year we have tried to do a lot of things. At the beginning of the year we set some goals for ourselves. First, was to make as much money for the future as possible. Second, was to show the rest of the upper classmen that we had an interest in our school. We have had great spirit this year. Our attendance at the pep rallies has been fantastic. Though we've never won in the yell competition, our presence and enthusiasm is enough proof that we are an interested class.

This year we have also completed several important projects, such as the Freshman Class Trash Can, which was decorated in bright colors and with phrases like "Freshmen Have Spirit" and "We Get It On." The can was located in front of the administration offices, so it could be seen by students as well as by teachers.

Terri Humphreys was our Homecoming Attendant this year, and I believe we couldn't have chosen a prettier one, although we have some pretty good looking girls in the class. This should be in our favor in the future. We're bound to show up the classes in coming years.

Quite a few Freshmen have gone out for sports this year, and we've done well. All this has proven our enthusiasm and spirit, which is a vital factor if we are to become future leaders of the school.

Executive Cabinet, led by Brian Cross,

ASB President Brian Cross and director of Student Activities **Mr. William Stratton** worked jointly throughout the year to promote student enthusiasm in school sponsored events.

The greatness of a school can be determined by what the students make it. Since this is a way of measuring a school's worth, then the year of 1970 at Buena Park High has topped the scales. The total involvement and cooperation that symbolized '70 has returned the tradition of greatness to BPHS and left for the future a foundation on which this can continue.

If our year is to be acknowledged as an outstanding one, it will be for a unique reason. We were the first of the classes of the 70's, and the imagination, hopes, and work which we invested are symbolic of this new era.

A personal thanks to each and every individual for making this year what it was — the pacesetter of the 70s'.

Sincerely,

Brian Cross

The year 1969-1970 started out with a burst of enthusiasm in the new Performing Arts Complex when the Executive Cabinet, Pep Squad, and Junior Varsity Yell Leaders collected their talents and planned a Freshmen Orientation program.

The basic goal was to orient the incoming Freshmen with the extracurricular activities offered at BP. By staging skits for various clubs and by introducing student officials, they hoped to get new students interested and involved in BP.

Lars Bostrom from Sweden.

Maria Biesewig comes from Bremerhaven, Germany. She thinks that America is very similar to Germany in dancing, styles in dress, and in rock music. She enjoys California, and someday she would like to see the rest of the United States.

Lars Bostrom was born in Karlskoga, Sweden. He likes to play the guitar and go to the beach. He likes the people here and is amazed at the number of racial groups. However, he said, "You can travel for a long distance and the people still look the same, think the same, talk the same, and still have the same culture."

Tarja Santare comes from Helsinki, the capital of Finland. She thinks that the people in Finland are too formal and that the people in the U.S. can be themselves. She likes the opportunities found in America.

Court set the stage for 'Pride Production'.

Lovely Queen Sandi Smith sparkled in the spotlight of "Pride Production". Escorted by Bob Thompson, a former football player and graduate from BP, Sandie looked exquisite in a silver lame gown topped off with the traditional robe and crown. In the future, our tandem-surfing Queen plans to be an elementary school teacher because she loves working with people, especially children.

Our pretty Senior attendant Sophia Chang, stepped into the spotlight of pride escorted by Dennis Long. Sophia charmed the audience in a white crepe, V-necked gown. Sophia spends her spare time sewing or swimming at the beach. She hopes to become a teacher, either working in an elementary school or aiding handicapped children.

Diana Bishop radiated loveliness and pride as Junior attendant. The audience cheered proudly as Diana, dressed in a gold brocade gown, was escorted by Randy Tinker. They promenaded to the platform as "More" played in the background. Diana plans on going to college and traveling after she graduates. She enjoys working on the school paper and participating in GAA.

Sophomore attendant Carol Sharp glittered in a gold trimmed, orange velvet empire dress. The audience beamed with pride as Carol and her escort, Greg Ramirez, stepped into the spotlight. In the future, Carol seeks a career as an airline stewardess. Her interests are dancing, baseball, and the beach.

Terri Humphreys brought along the end of our "Pride Parade" as Freshman attendant. Terri, escorted by Cliff Duncan, stepped elegantly to the platform in a rose velvet, empire gown. Terri is going to become a professional model, but right now her free time is spent at the beach or sewing.

Senior attendant **Sophia Chang;** Sophomore attendant **Carol Sharp.**

Plot thickens as 'Pride Production' presents

The curtain went up and Act I of "Pride Production" started. Pride played a leading role as the Queen and her Court were announced.

Act II started with Scene I, the Pep Rally, and ended with the second scene, the Marshmallow Drop. Both were outstanding performances. The production was telecast nationwide on NBC.

The Coyotes cheered when Fullerton Junior College presented a musical concert in the BP gym. Rock groups, various choral groups and soloists were among the entertainers.

The annual Folk Concert, directed by Mrs. Regina Jensen, ranged from western to folk to pop. Selections were performed by Madrigals, Allouttes, Girls' and Mixed Choruses and guest soloists. This year the concert was held in the newly completed Fine Arts Complex. The three stages were used for different and interesting effects.

Christmas Formal, 'A Night of Fantasy'.

On December 18-19 the Music Department arranged to sponsor a Christmas Program for the students. One of the highlights of the program was the performance of the Madrigals in their traditional singing around the table, a custom originating from the 1600's. Another highlight was the violin solo by Suzanne Genereux.

Other performances were given by the school band orchestra. They played snappy American carols arranged in overtures and beautiful carols of Old London. Vocally the concert was presented by the Concert Choir, the Allouettes, and Girls Chorus.

Everyone stood as the famous "Hallelujah Chorus" was sung.

"Arsenic and Old Lace" was presented by BPHS Drama Club March 5, 6, and 7 in the Performing Arts Complex. The plot centered around Abbey and Martha Brewster's plan to put lonely men out of their misery by murdering them and then burying them in the cellar. Such actions were thought to be "kind social acts."

This hilarious comedy, a three act play by Joseph Kesselring, was directed by Mr. Charles A. Fein.

This year the Science and Social Science Departments, under the direction of Mrs. Sarah Gronstrand, initiated a unique program stressing the problems and the control of pollution.

On May 1 a district wide student conference was presented. The official title of the symposium was "Mission Possible — Stop Pollution Explosion Before the Planet Self-Destructs."

It was held in the Performing Arts Complex. About 400 students from district schools participated. Each school had the opportunity of entering five student-reports which were presented at concurrent sessions.

The program included two outstanding speakers: Dr. Irving Benglesdorf (science editor of the Los Angeles Times) and Mr. Wesley Marx (lecturer and writer) whose area of specialization is oceanography.

Earlier in the year, a week was devoted to the many aspects of pollution with emphasis on our own trash problem. This subject was discussed daily in noon-time programs with celebrity speakers.

Announcements and programs for different classes were also a part of the "Week of Awareness."

BPHS clubs show involvement through

This year the clubs started a new tradition—Club Week. The idea was initiated to involve more students in the variety of clubs on our campus. French and German clubs challenged each other to a sausage eating contest. The Pep Club arranged a Powder Puff football game between the Junior and Senior girls. The Business Club held a fashion show portraying the "Do's and Don'ts" of fashion in the business world. The grand finale of the week was an IOC playnight consisting of volleyball, basketball, swimming, and a dance. Traces of the week still remain on campus in the forms of multi-colored trash cans, painted by the members of participating clubs.

IOC is another name for leaders. Both class and club presidents join to make up this exclusive club.

At their meetings, IOC strives to come up with ideas to make BPHS a better school. At "brain storm" sessions these illustrious campus leaders have come up with Club Week, and the playnight finale of Club Week, and the trash can contest.

Spirit Machine: A unique apparatus devised for the praise and support of this year's teams. Parts include a devoted Pep Squad, a precision Drill Team, two lively and loveable bands, and you . . . the spirited Coyote!

Our furry friend, Don Quixote, (alias Tom Humphreys), accompanied pep and excitement to BP's poolside and stadium events and soon became a very vital and active part of the "machine," cranking spirit and enthusiasm from optimistic crowds.

As majorettes, they gave us not only faithful and fascinating pregame and half-time shows but also hours of both morning and evening practice.

For the past two years, Lorna and Rhonda have shared an exciting and difficult skill with football enthusiasts. Although they performed without so much as a whisper on their "silent screen," they kept the "wheels" of the Spirit Machine in constant and captivating motion.

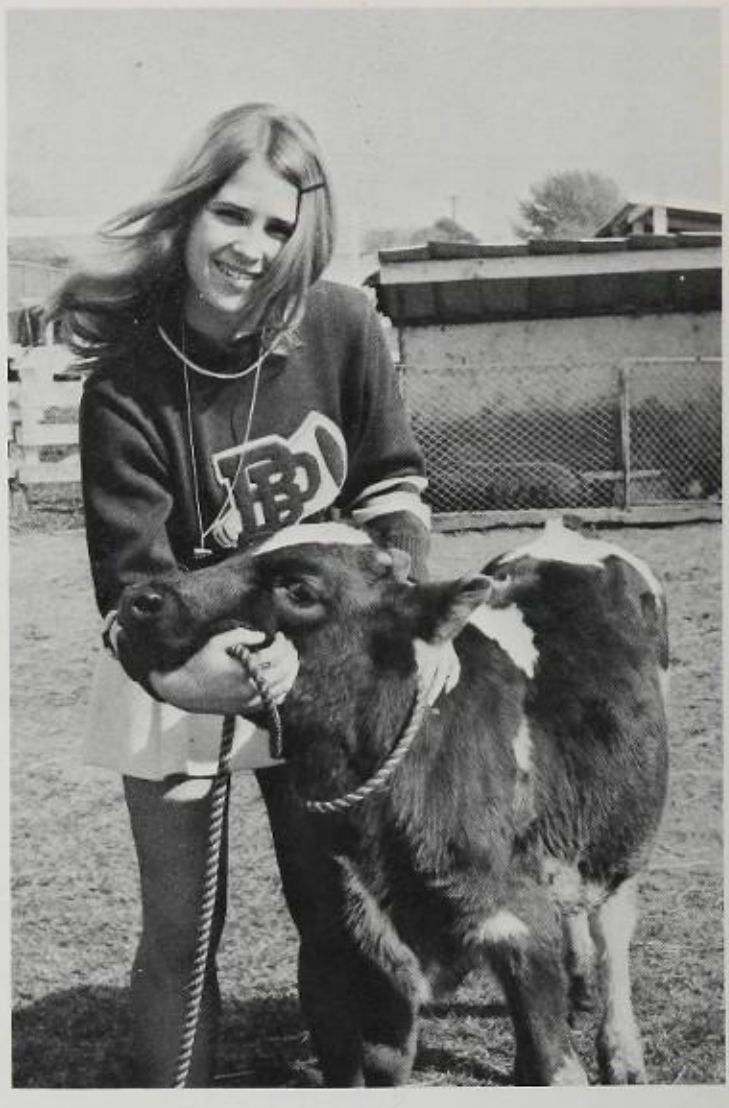
BP pride exploded into spirit as Varsity

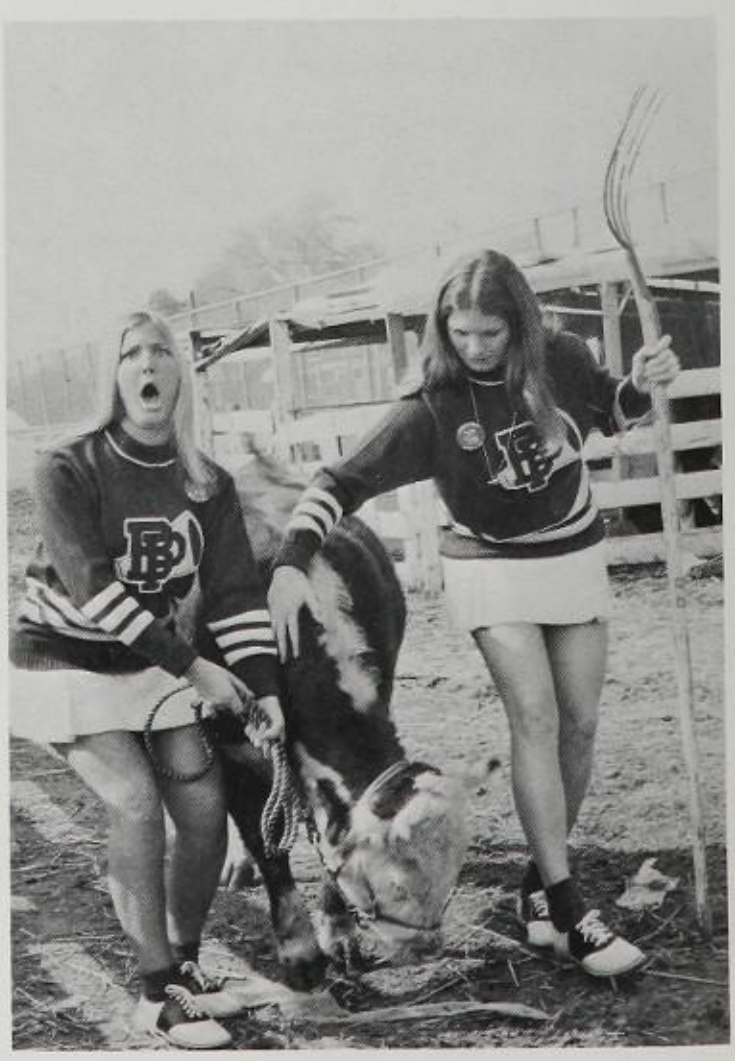
This year's Pep Squad really cared! The Spirit Machine roared full speed ahead as spirit leaders were there supporting both Varsity and Junior Varsity players in ALL sports and events.

Throughout the year our Varsity Yell Leaders gave a great deal of imagination and many long hours of hard work in hopes of creating a united and spirited student body, and of course, a winning team!

Cindy Bagwell, Marcia Allen, Head Yell Leader **Barbara Shockley, Vickie Hansen** and **Brenda Shockley** planted pep . . . and watched it grow!



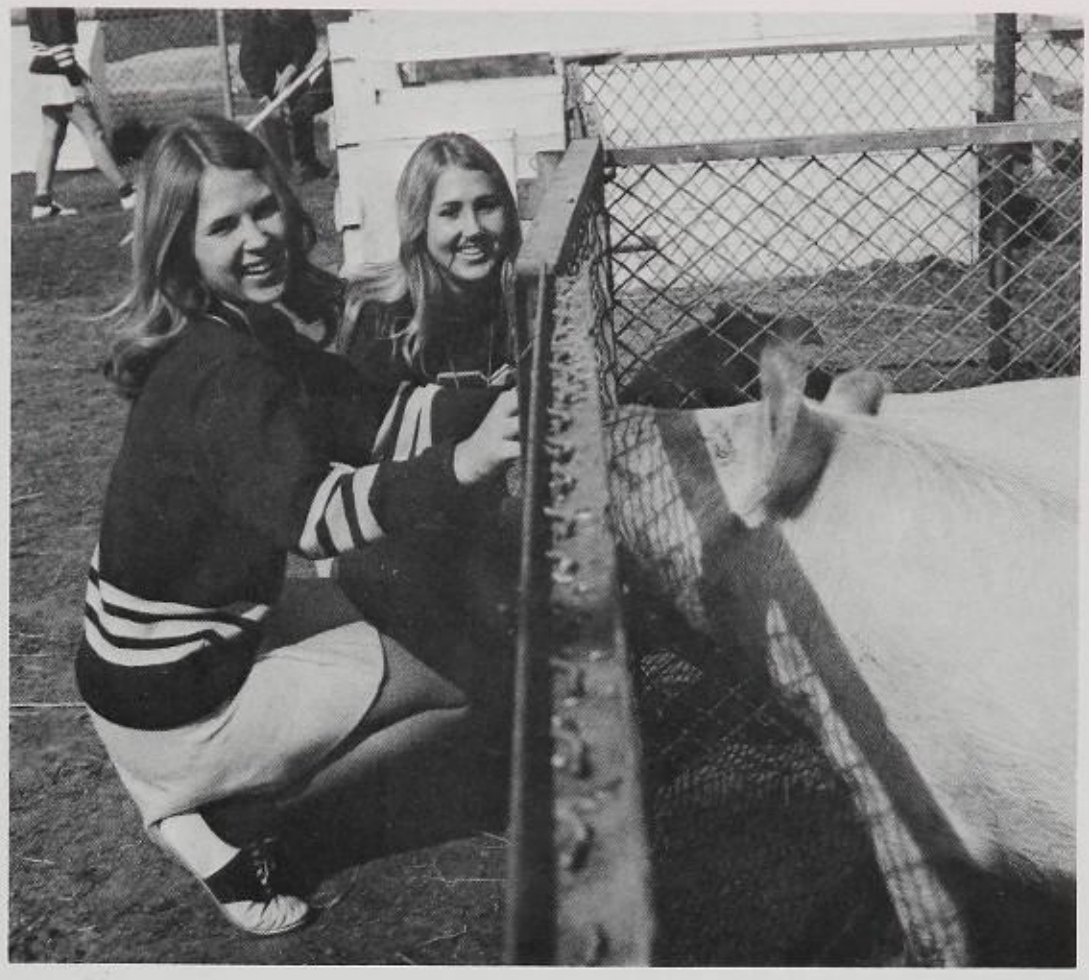
"Give me a great big Buena Park 'MOO'!"



"Don't worry, Vickie! If he tries to bite you, I'll stab him."

Yell Leaders made team support a 'must'!

Maybe I ought to pitch in . . .



What a bunch of hams!

May I have this dance?

Which came first, the chicken or the egg?

Co-operation, team work can mean winning

While our Varsity players worked for top performance and perfection, our Song Leaders teamed up to support them. Like the athletes they encouraged, their role required not only skill but also co-ordination, timing, and group effort. Throughout the year Song Leader Sandie Smith "headed the lineup" and led her team of spirit leaders to undefeated victory!

Peggy Smith takes a brave stab at pole vaulting!

or losing, even if you never play a game.

Joan Denny thinks she can swing it . . .

Sandie Smith has a good hold on life . . . and other things!

Mona Bonsey takes a few tips from a pro!

Jill McDonald shoots to kill!

Neither rain, nor snow, nor sleet can wash

Green and white pinwheels swept the air as our flag twirlers waved on cheering crowds and signaled support for our fearless teams. The whirring "gears" of the Spirit Machine were motivated by hours of practice, considerable poise, and a great deal of co-ordination as their graceful guides helped boost 1969-70 pep production to its peak!

Below are pictured (left to right): Patty Hartman, junior; Cindy Goodson, senior; Kris Evinger, senior and head flag twirler; Gale Miller, senior; and Cindy Tidwell, junior.

Flags can't be good for everything!

You say there's going to be a flood?

away enthusiasm or dampen Coyote spirit.

Kris turns on a smile for BP.

One dreary, drizzly afternoon while drudging through puddles and over muddied walkways, a stern and determined command broke through the din of the falling rain. "One!" Camouflaged by low-hanging branches and scattered foliage, I spotted a firing squad on a small, green hill. "Two!" the director shouted.

The "gun girls" crouched close to the damp ground, their weapons aimed at a sad and disheartened victim, dressed much like themselves. "Three!" And the deed was done. Their comrade toppled to the ground, "flagged" to death!

Pretty as a picture . . . even in the rain!

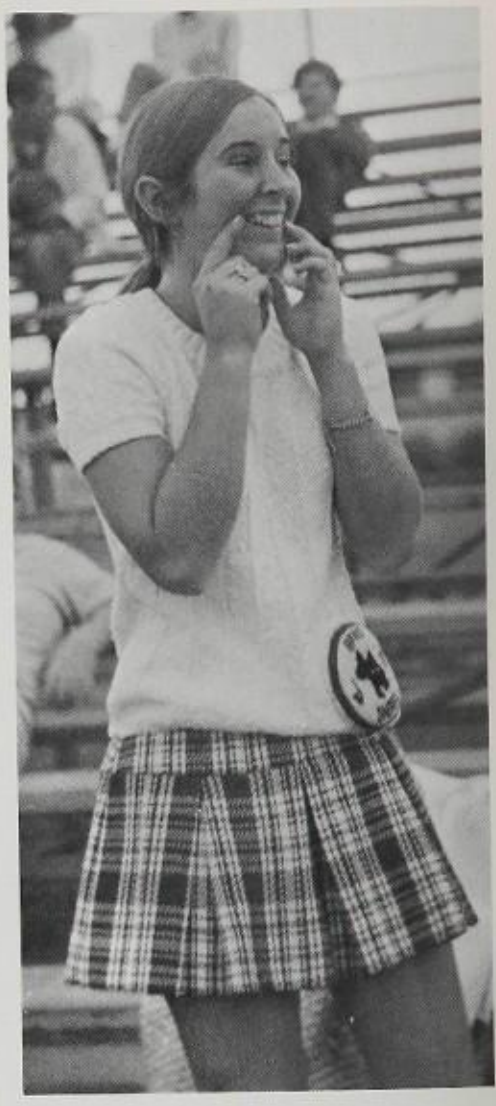
JV's are more than spirited . . . they're devoted!

It takes a great deal of practice and hard work to be an effective spirit leader; it takes devotion and a sincere dedication to be a good one! It was this dedication that made our JV's really special.

Many thanks to head yell leader Karen Whitney and all the other girls for their super spirit and faithful team support!

Chris Novison watches as BP spirit grows.

Shari Moulton "fights behind the lines" for JV's!



Sherrie Reams is all smiles for Coyotes!

Our 1969-70 Drill Team gave skilled and appealing home-game performances consecutively throughout the season, to the delight of energetic and receptive spectators.

In order to make this possible, they also appeared on the field each morning before school . . . exchanging their time for soggy tennis shoes and wilted curls—one of the few and unfortunate flaws in our splendid "machine!"

It's been a long, long year that went by very fast. Many thanks to all those who made it happen.

The Los Coyotes Staff

Yes, the times they are a-changin'. . .

Come gather 'round people wherever you roam
And admit that the waters around you have grown
And accept it that soon you'll be drenched to the bone.
If your time to you is worth savin'
Then you better start swimmin' or you'll sink like a stone,
For the times they are a-changin'!

Come writers and critics who prophecies with your pen
And keep your eyes wide the chance won't come again.
And don't speak too soon for the wheel's still in spin,
And there's no tellin' who that it's namin'.
For the loser now will be later to win,
For the times they are a-changin'!

Come mothers and fathers, throughout the land,
And don't criticize what you can't understand.
Your sons and your daughters are beyond your command.
Your old road is rapidly agin'.
Please get out of the new one if you can't lend your hand,
For the times they are a-changin'!

Come senators, congressmen, please heed the call.
Don't stand in the doorway, don't block up the hall.
For he who gets hurt will be he who has stalled.
There's a battle outside and it's ragin'.
It'll soon shake your windows and rattle your walls,
For the times they are a-changin'!

The line it is drawn, the curse it is cast.
The slow one now will later be fast.
As the present now will later be past,
The order is rapidly fadin'.
And the first one now will later be last.
For the times they are a-changin'!

—Bob Dylan
